UNION PACIFIC CORPORATION

SEPTEMBER 2026

Cautionary Information

Certain statements in this presentation are “forward-looking statements” within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements relate to future events or future financial performance and involve known and unknown risks, uncertainties, and other factors that may cause the Company’s (or, as it relates to the Transaction (as defined below), the combined company of Norfolk Southern and Union Pacific (referred to hereinafter as the combined company) actual results, levels of activity, performance, or achievements or those of the railroad industry to be materially different from those expressed or implied by any forward-looking statements. In some cases, forward-looking statements may be identified by the use of words like “may,” “will,” “could,” “would,” “should,” “expect,” “anticipate,” “believe,” “project,” “estimate,” “intend,” “plan,” “pro forma,” or any variations or other comparable terminology.

While the Company has based these forward-looking statements on those expectations, assumptions, estimates, beliefs and projections they view as reasonable, such forward-looking statements are only predictions and involve known and unknown risks and uncertainties, many of which involve factors or circumstances that are beyond the Company’s control, including but not limited to, in addition to factors disclosed in the Company’s, as well as Norfolk Southern’s (as it relates to the proposed combination of it with the Company) respective filings with the U.S. Securities and Exchange Commission (the “SEC”): the occurrence of any event, change or other circumstance that could give rise to the right of one or both of the parties to terminate the definitive merger agreement between the Company and Norfolk Southern providing for the acquisition of Norfolk Southern by Union Pacific (the “Transaction”); the risk that potential legal proceedings may be instituted against the Company or Norfolk Southern and result in significant costs of defense, indemnification or liability; the possibility that the Transaction does not close when expected or at all because required Surface Transportation Board or other approvals and other conditions to closing are not received or satisfied on a timely basis or at all (and the risk that such approvals may result in the imposition of conditions that could adversely affect the combined company or the expected benefits of the Transaction); the risk that the combined company will not realize expected benefits, cost savings, accretion, synergies and/or growth from the Transaction, or that such benefits may take longer to realize or be more costly to achieve than expected, including as a result of changes in, or problems arising from, general economic and market conditions, tariffs, interest and exchange rates, monetary policy, laws and regulations and their enforcement, and the degree of competition in the geographic and business areas in which the Company and Norfolk Southern operate; disruption to the parties’ businesses as a result of the announcement and pendency of the Transaction; the costs associated with the anticipated length of time of the pendency of the Transaction, including the restrictions contained in the definitive merger agreement on the ability of the Company and Norfolk Southern, respectively, to operate their respective businesses outside the ordinary course during the pendency of the Transaction; the diversion of the Company’s and Norfolk Southern’s management’s attention and time from ongoing business operations and opportunities on merger-related matters; the risk that the integration of each party’s operations will be materially delayed or will be more costly or difficult than expected or that the parties are otherwise unable to successfully integrate each party’s businesses into the other’s businesses; the possibility that the Transaction may be more expensive to complete than anticipated, including as a result of unexpected factors or events; reputational risk and potential adverse reactions of the Company’s or Norfolk Southern’s customers, suppliers, employees, labor unions or other business partners, including those resulting from the announcement or completion of the Transaction; the dilution caused by the Company’s issuance of additional shares of its common stock in connection with the consummation of the Transaction; the risk of a downgrade of the credit rating of the Company’s indebtedness, which could give rise to an obligation to redeem existing indebtedness; a material adverse change in the financial condition of the Company, Norfolk Southern or the combined company; changes in domestic or international economic, political or business conditions, including those impacting the transportation industry (including customers, employees and supply chains); the Company’s, Norfolk Southern’s and the combined company’s ability to successfully implement its respective operational, productivity, and strategic initiatives; a significant adverse event on the Company’s or Norfolk Southern’s network, including, but not limited to, a mainline accident, discharge of hazardous materials, or climate-related or other network outage; the outcome of claims, litigation, governmental proceedings and investigations involving the Company or Norfolk Southern, including, in the case of Norfolk Southern, those with respect to the Eastern Ohio incident; the nature and extent of Norfolk Southern’s environmental remediation obligations with respect to the Eastern Ohio incident; new or additional governmental regulation and/or operational changes resulting from or related to the Eastern Ohio incident; and a cybersecurity incident or other disruption to our technology infrastructure.

This list of important factors is not intended to be exhaustive. These and other important factors, including those discussed under “Risk Factors” in Norfolk Southern’s Annual Report on Form 10-K for the year ended December 31, 2025, as filed with the SEC on February 9, 2026 (available at <https://www.sec.gov/ix?doc=/Archives/edgar/data/100885/000010088526000037/uns-20251231.htm>) and Norfolk Southern’s subsequent filings with the SEC, the Company’s most recent Annual Report on Form 10-K for the year ended December 31, 2025, as filed with the SEC on February 6, 2026 (available at <https://www.sec.gov/ix?doc=/Archives/edgar/data/100885/000010088526000037/uns-20251231.htm>) and the Company’s subsequent filings with the SEC, may cause actual results, performance, or achievements to differ materially from those expressed or implied by these forward-looking statements. References to the Company’s and Norfolk Southern’s website are provided for convenience and, therefore, information on or available through the website is not, and should not be deemed to be, incorporated by reference herein. The forward-looking statements herein are made only as of the date they were first issued, and unless otherwise required by applicable securities laws, the Company and Norfolk Southern disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise, except as may be required by applicable law or regulation.

FINANCE REVIEW

6

2026 Outlook Improved

Improved:

- Meeting Increased Customer Demand with Strong Service; Mixed Economic Forecast
- Reported EPS Growth Increased to High-Single Digit; Consistent with Attaining the 3-Year CAGR Target of High-Single Digit to Low-Double Digit through 2027

Affirmed:

- Pricing Dollars In Excess of Inflation
- Operating Ratio Improvement; Industry-Leading Operating Ratio and Return on Invested Capital
- Continued Strong Cash Generation
- Capital Allocation
 - Capital Plan of \$3.3 Billion
 - Consistent Annual Dividend Increases

On Track With Investor Day Targets

7

Investor Day September 2024 – Industry Leading Financials

2025 - 2027

Revenue Growth

- › Revenue > Volume > Markets*
- › Pricing Dollars Accretive to Operating Ratio

Profitability

- › Industry Leading Operating Ratio
- › High Single to Low Double Digit EPS Growth CAGR

Capital, Leverage & Returns

- › Annual Capital Investments of \$3.5 – \$3.7 Billion
- › Strong Investment Grade Credit Rating
- › Industry Leading Return on Invested Capital

Cash to Shareholders

- › Annual Share Repurchases of \$4 – \$5 Billion**
- › Consistent, Annual Dividend Increases
- › Dividend Payout Ratio ~45%

*Revenue Excluding Fuel; Volume Excluding Coal

**Share Repurchases Paused Due to Merger

8

Track Record of Strong Returns

Cash Returns To Shareholders 2021 – 2025: \$34.1 Billion

~20% of Market Capitalization

Return on Invested Capital 2025 Industry Leading

9

Goal: Industry Leading Operating Ratio

Historical Operating Ratio Performance*

Full Year 2025 Operating Ratio*

SAFETY

15

We Will Never Compromise on Safety – Best Ever Company Performance in 2025

Personal Injuries

↓ **REDUCED 24%**
2025 vs. 2024
Overall Industry-Leader

Reportable Derailments

↓ **REDUCED 19%**
2024 vs. 2025

Union Pacific is committed to achieving the best safety outcomes -
using technology, training and capital investment.

16

World-Class Safety

Training & Development

Ensuring employees are well trained and aware of how to comply with specific critical rules

Leverage Technology

Incorporate new technology to eliminate or automate activities with most risk

Employee-Focused Culture

Employees are engaged, supportive and participate in Safety programs with suggestions and self-direction

17

SERVICE

18

Service – What We Sold Our Customers

19

*Service Performance Index calculation uses best monthly performance over last 3 years. New benchmark set in 2025.

Implementing Technology to Better Serve Our Customers

API Solutions

- Create direct connections to shipment tracking, waybills, invoices, UPGo and more
- New Services: Direct-To-Cloud Database Sharing
- Enable advanced analytics & AI/ML

Container GPS

- Deployed on majority of rail-owned container fleet
- Geofencing platform allows for instantaneous alerting and enhanced pool management

Customer Portal

- Unified platform for critical tools, data, and workflows
- Personalized, action-oriented dashboard with custom insights and visibility
- Enables faster decisions via real-time tracking and alerts

20

OPERATIONAL EXCELLENCE

21

Driving Productivity Through Resource & Fuel Efficiency

22

Union Pacific Workforce

Train, Engine & Yard: ~14K

Operates and supports train movements

Maintenance of Way: ~8K

Maintains track infrastructure

Management: ~5K

Strategic policies, processes and practices

Mechanical: ~4K

Maintains locomotives & rolling stock

Other Union: ~1K

Performs clerical and supervisory roles

Workforce Distribution*

** Average monthly number of employees filed with STB

23

Technology Driving Safety & Operational Excellence

Physics Train Builder

- Combination physics engine and simulation system optimize train makeup and enhance safe operations across the UP network
- Continuous monitoring informs real-time engineering decisions, enhancing safety and network performance
- Dynamic modeling identifies train build risks based on operational, mechanical, and topographical information, improving safe routing and operational agility

Since 2022, Union Pacific has reduced derailments caused by train make up 98% while growing train length 4%

Mobile NX

- Integrated mobile platform modernizing yard switching operations and increasing capacity through real-time routing of inventory managed via handheld devices
- Automates car classification and sorting, enabling more throughput across a terminal while advancing safer operations
- Reduced human exposure in yards and minimizes manual processes improving safety, cycle time, and labor efficiency

Mobile NX technology has reduced TE&Y* daily walking distances greater than 60% within terminals

*TE&Y (Train, Engine and Yard).

24

New Technology Improving Efficiency and Service

Terminal Command Center

- Offers real-time terminal visualization through a centralized and standardized dashboard
- Provides decision-support, via prompts and alerts, to improve fluidity and operating plan compliance
- Dynamically adjusts to real-time factors that enable efficient and consistent operations

Adaptive Planning

- Leverages AI to build optimal transportation plans (blocks, trains, schedules, etc.) and balance critical resources
- Enables faster network-wide analysis and adjustments to flex with changing business dynamics
- Connects planning and execution systems while enabling continuous plan refinement

Uber Crew Hauling

- Expands crew transportation options by adding Uber as a cost-efficient alternative to existing traditional van service
- Automated selection for fastest service mode minimizes crew wait times at any location
- Enables safety, efficiency, and scalability resulting in reduced transportation expenses

25

Innovating for Operational Excellence

5 Panel Transport Car Prototype

Technology Driven Fuel Optimization

➤ Energy Management Systems

Automatically adjust locomotive throttle and dynamic braking to optimize fuel usage

- Equipped in 90% of active locomotive fleet

➤ Fuel Conservation

Process and technology innovations drive reduction in fuel burn and idle time while improving locomotive efficiency and reducing emissions

➤ Strategic Fueling

AI-enabled, optimized fuel planning shifts fueling toward lower-cost locations, driving operational efficiency

- New Mexico is #1 fuel location in Southwest vs. California

Union Pacific is 3.5x more fuel efficient than trucks

Fuel optimization program advances Union Pacific's commitment to safe, reliable and environmentally responsible freight shipping experience

GROWTH

28

Second Half 2026 Volume Outlook

Commodity	Business Line	Outlook
Bulk	Grain & Grain Products	Export Soybeans; Supportive Renewable Fuels Policy
	Coal & Renewables	Natural Gas Prices & High Inventory
Industrial	Metals	Strong Industrial Development Pipeline
	Industrial Chemicals & Plastics	Winning New Business & Plant Expansions
Premium	Intermodal	Strong Over-the-Road Growth, Business Wins
	Automotive	Business Wins Offset Softer Vehicle Sales

Driving Revenue Growth

Adding Business to UP

Attracting Customers to Rail-Served Facilities

34

- ~250 track construction projects completed from 2021 – 2025, generating **over \$925M** of revenue annually
- Proactively engaging with customers, developers and community partners on new construction facilities
- Construction pipeline generates **high ROI** carload business
- Active pipeline of ~200 construction projects, potential **\$1.3 billion** in revenue opportunities

Improving Supply Chains for Our Petrochemical Customers

- Union Pacific has **invested \$3.1B over the past 10 years** in the Gulf Coast to support the Chemical Industry*
- Developed **innovative product solutions** for customers
 - Export optionality with Dallas to Dock service
 - Premier Storage In Transit network with 2x more capacity than our competitors
- The Great Connection **enhances supply chain optionality** with improved access to the East Coast

35

* Includes renewal and expansion projects

UP's Growing Intermodal Franchise Delivered Record Domestic Volume in 2025; Poised to Capture Truck Share

Invested ~\$1.2 billion over the last 5 years to expand capacity & improve productivity:

- New or Expanded Intermodal Terminals

- Twin Cities
- Kansas City
- Lathrop
- Inland Empire
- Phoenix

- Wide-Span Cranes in Chicago

- Technology & Driver Experience

- Progressive Gate Technology
- UPGo Application

... supporting continued wins in the marketplace

36

Truck Conversion Opportunities

Winning and Poised for Growth

- Twin Cities Intermodal Terminal
- Inland Empire Intermodal Terminal
- Precision Gate Technology

- Won Knight-Swift
- Doubled Inland Empire capacity
- **Added 335K+** lifts of capacity

- Won Schneider
- Doubled Inland Empire capacity
- Falcon Premium
- Port Houston on-dock
- Mexico to U.S. Southeast
- Container GPS
- **Added 450K+** lifts of capacity

- Doubled Inland Empire capacity
- New Service LA-Chicago
- Phoenix Intermodal
- New markets for Port Houston
- **Added 110K+** lifts of capacity

- Long term relationships with key domestic customers
- New Kansas City Intermodal Terminal
- Expanded Inland Empire & Lathrop Intermodal
- **Added 320K+** lifts of capacity

37

Mexico Advantage

- **Unmatched access to North America**
 - 6 gateways to Mexico
 - Connection to interline partners in the East and Canada
- **60% rail share in Mexico**
- **Fastest, shortest routes serving markets 7-days per week**
 - Falcon Premium
 - Eagle Premium
- **Gateway volume up 9% since 2021 and growing faster than CPKC**

AMERICA'S FIRST TRANSCONTINENTAL RAILROAD

Union Pacific & Norfolk Southern Merger Application Accepted by the Surface Transportation Board

Our Merger

Overwhelmingly in Public Interest

- Removes ~2.1 million truckloads off the road annually
- Delivers ~\$3.5 billion in annual shipper savings
- Improves rail safety through industry leading standards and technology

Enhances Rail Competition

- Offers seamless coast-to-coast rail service, improving speed and reliability
- Adds new intermodal & manifest service products
- Expert analysis shows single-line shipments have generally lower prices than interline
- Expands merger benefits through Committed Gateway Pricing

Next Steps

\$11.8B+

Annual FCF by
Year 3*

- Long-term leverage of ~2.8x to be achieved by Year 2
- Share repurchases resumed in Year 2, growing to \$10B+ annually by Year 3
- Maintain balanced capital allocation policy

*Calculated as Cash from Operating less Cash from Investing

43

AMERICA'S FIRST TRANSCONTINENTAL RAILROAD

Supplemental Filing Enhances Merger Application

- **New Competitive Opportunities:** Significant expansion of Committed Gateway Pricing (CGP).
 - Doubling the number of eligible shipments.
 - Extending benefits to bulk unit train shippers.
- **Expanded Customer Protections:** Unprecedented protection for customers.
 - Preserving Class I rail options for 3-to-2 shippers and 2-to-1 shippers, where legal access can be granted to another railroad.
- **New Service Level Protections:** Commitment for an additional safeguard to keep freight moving if unexpected service issues arise.
 - Ability for customers to obtain temporary access to alternative rail service.
- **Stronger Oversight:** Added accountability for customers.
 - Additional access to a new rate relief process.
- **No Controlling Interest:** Reaffirmed commitment for no interest in controlling the jointly owned TRRA, KCT or TTX Company.
 - Binding agreement with CN directly resolving the TRRA and KCT ownership questions by transferring NS' interests to CN.

44

AMERICA'S FIRST TRANSCONTINENTAL RAILROAD

Union Pacific Agreements with Canadian National

Two Agreements – More Options, Capacity, and Service for Customers

1 Agreement to Expand Customer Opportunities with the Merger

Preserving competitive options

- **Preserves 2-to-1 & 3-to-2 customers** — CN gains access to shipper facilities where Class I rail options would be reduced from 2-to-1 or 3-to-2, where commercially and operationally feasible.
- **Terminal ownership** — CN acquires Norfolk Southern's ownership interests in the Kansas City Terminal Railway Company (KCT) and the Terminal Railroad Association of St. Louis (TRRA).
- **New Midwest access** — CN gains overhead rights between Tuscola, IL–East St. Louis, IL, and rights to serve customers between St. Louis, MO–Kansas City, MO.

2 CN Agreement to Improve North American Rail Connectivity

Creating more routing choices

- **Union Pacific gains Elgin, Joliet and Eastern Railway (EJ&E) access** — Expanded operating rights over CN's EJ&E corridor, one of the quickest ways to go around Chicago, IL.
- **CN gains Memphis–Eagle Pass access** — New rights across Union Pacific's network between Memphis, TN and Eagle Pass, TX, improving freight flows between Canada and Mexico.

45

AMERICA'S FIRST TRANSCONTINENTAL RAILROAD

Further Enhancing Rail Competition for Customers: **Expanded Committed Gateway Pricing (CGP)**

Eligible Customers:

1 REAL TRAFFIC	2 STANDARDIZED & COMPARABLE	3 BENCHMARK RATE
Built from actual Union Pacific and Norfolk Southern Shipments.	Normalized and grouped by commodity and distance so every comparison is like-for-like.	A competitive, market-based rate established through a formulaic, data driven analysis of comparable market lanes. <i>Available directly to BNSF and CSXT.</i>

BOTTOM LINE: The expanded program is the functional equivalent of thousands of haulage agreements in a single enforceable commitment, creating even more opportunities for customers to benefit from the merger.

Benefits for America, Customers, Safety & Employees

	Benefits for America	✓ Advances America's domestic manufacturing and economic growth ✓ Strengthens America's supply chain with safer, smarter, faster, more reliable rail ✓ Converts more than 2.1 million annual truckloads from roads to rails, saving shippers an estimated \$3.5 billion annually, making goods more affordable
	Benefits for Customers	✓ Offers one network, faster routes and fewer handoffs with single-line pricing and new service options in underserved markets ✓ Allows 'one-stop-shopping' and seamless customer visibility ✓ Creates more competitive options versus truck, rail and waterways
	Benefits for Safety	✓ Improves safety and service through industry leading standards and technology ✓ Reduces derailments and rail incidents by eliminating unnecessary car touches
	Benefits for Employees	✓ Unprecedented jobs-for-life guarantee – every employee with a union job at the time of the merger will continue to have one ✓ Creates approximately 1,200 net new union jobs, up from 900, to handle expected volume growth

Enhancing American Competitiveness

Positions U.S. Rail to Win in Global Markets

Accelerates Opportunities for Modal Conversion

Benefits Customers and Bolsters Competitiveness

Delivers Benefits that Alliances Cannot

48

AMERICA'S FIRST TRANSCONTINENTAL RAILROAD

Delivering Benefits for Our Customers

Faster, More Reliable Single-Line Service

- Transform 10,000 existing lanes from interline to single-line service
- Reduce gateway touches and crosstown drays
- Improve utilization of customer equipment

Ease Of Doing Business

- Single point of contact and accountable partner
- Unified digital experience and shipment visibility
- Backoffice cost benefits

Aligned Capital Investments

- Planned \$2.0B integration investment
- Remove barriers to support future growth for customers and markets nationwide

New Markets & Products

- New and/or improved intermodal lanes
- Underserved watershed markets east & west of Mississippi River
- 88,000 new county to county lanes with access to single-line service

49

AMERICA'S FIRST TRANSCONTINENTAL RAILROAD

Faster Transit and New Lanes Drive Intermodal Growth

Intermodal growth of
1.5 million
annual loads

- Integrated network will include **seven new premium** intermodal lanes with faster, more direct, single-line transit
 - New lane identified: Northern California/Southeast
 - Southern California/Northeast lanes are **up to 252 miles shorter – saving up to 20 hours of transit time**
 - Southern California/Southeast lanes **saving up to 95 hours of transit time**

50

AMERICA'S FIRST TRANSCONTINENTAL RAILROAD

Single-Line Service Drives Carload Growth in Underserved Markets

Manifest, Bulk, & Auto growth of
403,000
annual carloads

- Nearly **500 million tons of steel, grain, lumber, chemicals and manufactured goods** originate or terminate in watershed market
- Capture volume growth with **six new manifest** trains to bridge east-west divide
- By transforming watershed markets to single-line service, we expect to **convert ~112,000 annual manifest & bulk carloads from trucks**

51

AMERICA'S FIRST TRANSCONTINENTAL RAILROAD

Enhancing Rail Competition for Customers

- ✓ Faster, more reliable single-line service
- ✓ 2-1 customers gain alternative Class 1 access
- ✓ Competitive responses from rail peers
- ✓ Open gateway commitment including STB prescribed reporting
- ✓ Committed Gateway Pricing extends merger benefits to BNSF & CSX customers
